

Integration with BGL Simple Fund 360

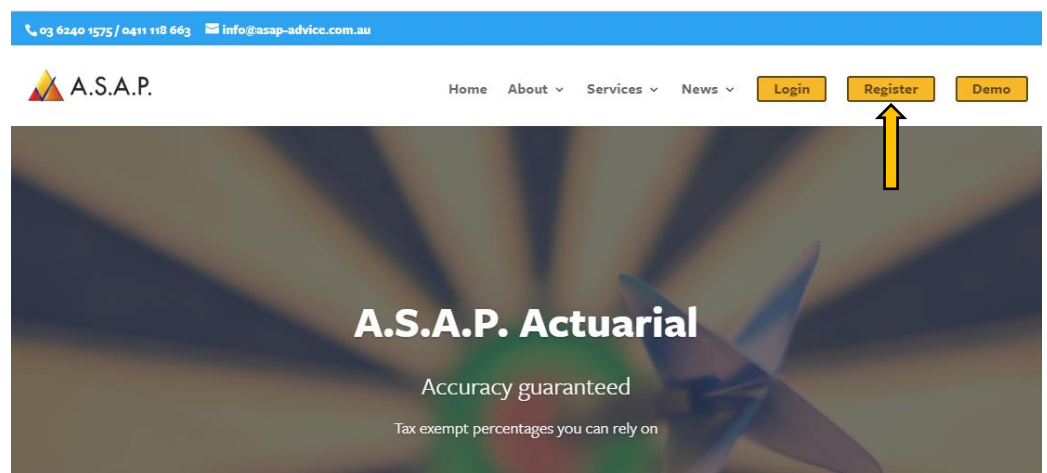

Seamlessly pre-fill A.S.A.P.'s actuarial certificate form with data from BGL Simple Fund 360 with just the click of a button. Follow the instructions below to authorise A.S.A.P. to receive actuarial certificate data from BGL.

A.S.A.P.'s integrations with BGL Simple Fund 360 allows you to push client data directly to A.S.A.P.

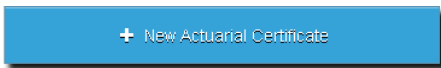

This avoids having to re-key the clients' details

First, create an account with A.S.A.P. Visit our [website](#) and click the **Register** button in the top corner of the homepage. Follow the prompts to create your account.

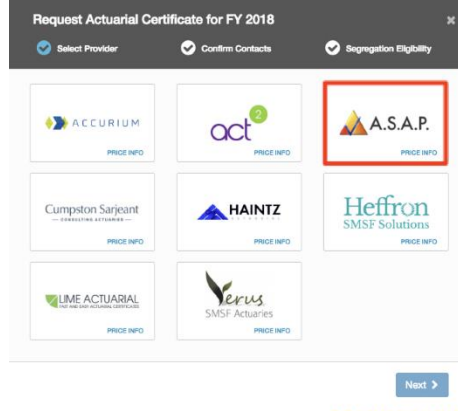

From your Simple Fund 360 platform, select **+ New Actuarial Certificate**

+ New Actuarial Certificate

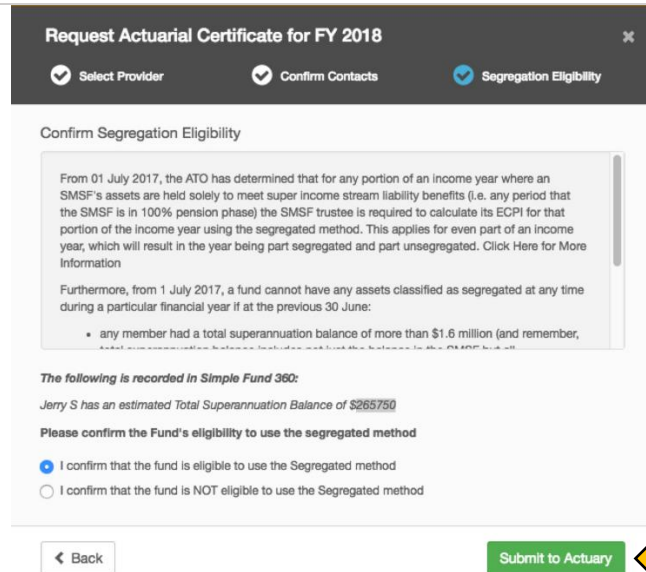

Select **A.S.A.P. Actuarial** as the provider and click **Next**.

Complete and Review your contact details, confirm segregation eligibility (2017/18 FY and later) and **Submit to Actuary**.

A new tab will open and you can review your certificate application data in the A.S.A.P. Actuarial platform.

Upon completion, you will be emailed a copy of the certificate and the final % will be emailed to the BGL system.

For more information, view the A.S.A.P. Actuarial help page on the Simple Fund 360 Knowledge Centre [here](#).
