

Integration with Class Super

Seamlessly pre-fill Apricot’s actuarial certificate form with data from Class Super with just the click of a button. Follow the instructions below to authorise Apricot to receive actuarial certificate data from Class.

Apricot’s integrations with Class allows you to push client data directly to Apricot.

This avoids having to re-key the clients’ details

First, create an account with Apricot. Visit our [website](#) and click the ‘Register’ button in the top corner of the homepage. Follow the prompts to create your account.

From your Class business dashboard, navigate to 'Fund defaults' (under the 'Settings' menu item at the top of the page).

Under 'Fund Defaults' find the setting for Actuarial Certificate Provider and add A.S.A.P. Actuarial using the drop-down

Be sure to save your changes once complete.

Next time you request an actuarial certificate, you will be able to pass data to A.S.A.P. for your certificate request.
